Savers Discount Store Canopy

**Address: 12211 Viers Mill RD.
Wheaton, MD 20906**

Owner: Savers Discount Stores

The upgrade to the Savers Discount Store included an exterior steel framed canopy and parapet. A. R. Marani, Inc. worked with Savers personnel to design build a canopy that would enhance the existing building and also provide a more visible entrance. ARM hired the architect and structural engineer and obtained all field dimensions and other necessary information. Our responsibility included obtaining the building permit and all inspection approvals.

The store remained open during the construction. The canopy work was completed before and after store operation hours.
